Health and Safety

regulations state that "Every employer must have a 'competent person' to assist them with health and safety."

We can be your 'Competent Person' and also provide advice and guidance plus training, mentoring and auditing services.

Quality systems

we have many years experience implementing and auditing management systems including:

Investors In People
Customer First
MATRIX
Government Funding Programmes

Human Resources

we can help with the implementation of:

Job roles
Person specification
Staff handbooks
Disciplinary and grievance procedures
Appraisal procedures
Recruitment assistance

Marketing assistance

for business development and the introduction of marketing campaigns to help you grow.

OFSTED

supplying support and assistance with pre and post OFSTED inspections. Self assessment report writing and development planning.
